Want to make sure you all have the version I sent up to the RA's office. It reflects two changes -- the one Marcia requested, and the one Dennis caught (that the mitigation project is valued at approx \$1M).

FYI

As per Marcia, please make the revision to state that the civil penalty will be split 50-50

Marcia,

I'm happy with this press release -- let us know if you concur or have changes. Dennis is diligently following all developments in this case, but it is still not clear when the CD will be lodged, so we want to have this ready ASAP. Thanks.

Doug

Doug,

Attached is the final draft of the proposed press release for the Region. Please forward to Marcia for her concurrence. Once that is done, I will advise Terri White, who will then move it through the 16th floor for the RA's approval.

Dennis

Dennis, Kris, Pat,

Please get your DDs to approve the attached press release. Once that's done, I can send this through for RA approval. Thanks. – Terri
